Level 2 Contact Tracing Plan

Ellerslie CC Level 2 Contact Tracing Plan

Background

Under Alert Level 2, visitors to the Club are required to sign in upon arrival so that their movements may be tracked to combat community transmission.

COVID 19 Level 2 Contact Tracing Plan

COVID 19 'Sign In' notices will be placed on the entrances to the Clubrooms, at each end of the Changing Room Block, and the Gear Shed underneath the Clubrooms. A paper copy will be kept at both the Changing Room Block and the Gear Shed.

Team lists will be provided to the Club Manager before games so that records of participants may be kept.

Within the Clubrooms, a register of non-members is ordinarily kept, and this will be updated to allow for persons to record their sign in times.
