Level 2 Match Day Protocol

Ellerslie CC Level 2 Match Day Protocol

Background

The Ellerslie Cricket Club is located at Michaels Avenue in Ellerslie. This ground has 6 nets, split into 2 sets of 3 by a movable divider. There are 3 artificial pitches at Michaels Avenue, with 2 of these having accompanying grass blocks.

There are 6 mown wickets used by softball cricket teams in the morning. These are spaced out across the outside of the Number One and Number Two fields.

COVID 19 Level 2 Game Day Protocol

To prevent unnecessary contact between teams, the teams allocated to each field will be encouraged to sit apart from teams on the other fields. This is normally observed at Michaels Avenue, so should not be hard for teams to follow.

Teams at other venues will be reminded to stay distant from other park users.

COVID 19 'Sign In' notices will be accessible at either end of the Changing Room Block, as well as on the entrances to the Clubrooms, and the Gear Shed at the top of the hill near the Number One. Players will be asked to sign in upon entering the ground.
